

DANIEL JOSEPH “D.J.” VERRET, M.D., FACS.

Facial Plastic Surgery

Dr. D.J. Verret’s passion for beauty and patient care and satisfaction is not only evident in the stunning results of his facial plastic surgery patients, but also in the artistry of his landscape photography you’ll find on his practice website. Patients and peers alike appreciate how Dr. Verret has expertly combined his artistic skills with his medical expertise, thus becoming one of Dallas’ most sought-after facial plastic and hair restoration surgeons.

Dr. Verret specializes in rejuvenation of the face. He completed one year of general surgery followed by a four-year residency in otolaryngology and head and neck surgery. Dr. Verret then completed a facial plastic surgery fellowship where he was involved with more than 400 cosmetic facial plastic surgery procedures. Dr. Verret has been quoted in numerous national and international magazine articles and has been interviewed on several radio and television stations including ABC, NBC, CBS, and CW affiliates.

Dr. Verret and his staff combine the latest innovations in facial plastic surgery with personalized care and the utmost in privacy and confidentiality. Whether you need reconstructive or cosmetic surgery for the first time or are looking for revision plastic surgery, Dr. Verret can help. Innovations Facial Plastic Surgery offers everything from minimally invasive surgical procedures to the latest in fillers and Botox to classic face lift techniques and hair restoration services.

Dr. Verret is a Diplomate of both the American Board of Facial Plastic & Reconstructive Surgery and the American Board of Otolaryngology. He is a clinical assistant professor at UTSW Medical School and AAFPRS fellowship instructor. He has been rewarded with numerous peer-reviewed articles and book chapters and authored the *Patient Guide To Hair Loss* and the *Patient Guide to Cosmetic Facial Procedures*.
